## **INVENTIV CLINICAL SOLUTIONS**

inVentiv Clinical Solutions is the premier provider of unique clinical outsourcing solutions, allowing the greatest control and flexibility through unmatched access to high quality clinical resources. As a strategic partner, inVentiv Clinical Solutions provides clinical trial management and monitoring, data management and biostatistics solutions, regulatory consulting and liaison services and patient and investigator recruitment. Our clinical trial experience encompasses pharmaceutical products, medical devices, gene therapies, and other biotechnology products across a wide range of therapeutic areas. A division of inVentiv Health, Inc. (NASDAQ: VTIV).

### **CLINICAL OPERATIONS:**

From protocol design to regulatory submissions, inVentiv Clinical provides comprehensive and flexible clinical trial management, monitoring, regulatory and medical writing solutions. Our experienced project teams help you navigate your clinical programs to achieve both short and long term objectives.

### **DATA MANAGEMENT & BIOSTATISTICS:**

inVentiv Clinical provides customized integration of data management and biostatistical expertise on every project. We take a 360-degree approach to data management, analysis, and

reporting, which ensures your data is collected, queried, cleaned and processed in an organized and consistent manner. inVentiv Clinical brings experience from more than 300 data management and biostatistical projects.

### **STRATEGIC RESOURCE GROUPS:**

inVentiv Clinical's Strategic Resource Group (SRG) solution provides access to longer-term relationships with critical personnel while allowing you to maintain headcount flexibility throughout evolving resource needs. Leveraging our industry-leading contract staffing divisions (see below), we work with you to identify the right mix of personnel to build and manage an SRG that meets your needs.

### **CONTRACT STAFFING:**

Complementing our clinical solutions offerings, inVentiv Clinical offers clinical and scientific contract staffing through our industry-leading staffing divisions, MedFocus and Smith Hanley Consulting Group. We provide the expertise of more than 60 full-time recruiters who utilize a proprietary candidate database of more than 70,000 clinical professionals spanning all aspects of clinical research.
